Thanks Tom. Suggest we consider back-up region support also?

Harry

Here is the OSC transition/staffing schedule that I have been able to piece together so far for the Fruitland Magnesium Fire response. It gets us through this week and next.

We will have to re-evaluate for the week of 7/11 and beyond – assuming the response continues that far.

Ex. 6 - Personal Privacy	Ex. 6 - Personal Privacy	Ex. 6 - Personal Privacy
--------------------------	--------------------------	--------------------------

I have sent this email to the group as well, so if other OSCs have availability for the weeks of 7/11 or 7/18, please let me know.
